Maybe even better than free.

You can upload any type of file (movies, music, documents, images, zip files and more). You decide who you want to share your files with. Our service is completely free for everyone. File is free to use with no gotchas and no hidden fees. Unfortunately, we can't make that part free. Alternatively you can chooseto share your download links on blogs, forums and social networking sites. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When youshare a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Files can be downloadedfrom any computer from our high speed servers. So try our free and simple filehosting service now. We have no file size limit. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Why pay storage fees for a file that you just wanted tosend to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. You don't need any specialsoftware installed to be able to download gage from websites and communities. The cost of that data transfer is covered by your internet service or the data plan onyour phone. If only we could, we surely would! On the other hand, using file can actually save you money. When you use file, you avoid storing the file you'resending in your cloud storage or mail server. No account or credit card is required to get started. Simply upload your file and share the link. Any file in anyformat can be uploaded and downloaded for free. You can give this download link to your friends by mail or instant messenger. Using file, you can circumventhose limits without paying to upgrade your team chat service. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts.filehosting provides an easy possibility for you to send large files to your friends. Keep your files private, or send your download links only to friends or fam
